Jumper

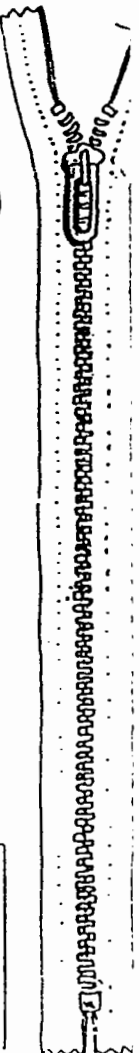

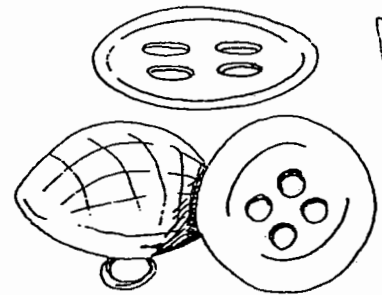

### Study

And identify different cotton fabrics and cotton blends. List their name, fiber content, weave, hand, texture, and design. Do at least 5.

### Learn At Least Three New Construction Techniques

To select and use a commercial pattern  
To follow a layout  
To cut and mark fabric  
To stay stitch  
To use interfacing  
To stitch and press darts  
To put in a zipper  
To make gathers  
To make pleats  
To attach a waistband  
To apply snaps  
To apply hooks and eyes  
To hem a flared skirt  
To clean-finish  
To sew on buttons  
To preshrink notions

### Show and Tell

At least one other person

### Give

At least one demonstration

Dear 4-II'er:

Before you move on to the next level of 4-II Clothing for Girls, you should complete all of the construction technique requirements listed above. In most cases, this means that you will stay on one level two years. During the second year you will improve the skills you have learned by making different garments, using new or different construction techniques.

4-H Clothing Story -- Write a short story about your problems, the things you learned, and what was the most fun about your clothing project.

Pictures and Fabric Samples -- Attach a snapshot of your garments and fabric samples

Construction Sample -- Attach a zipper -- lapped application.

Prepared by: NADINE HACKLER  
Clothing Specialist

This publication was promulgated at a cost of \$166.85, or 8.3 cents per copy, to teach 4-H youth how to make clothes. 8-2M-80
